## CANADIAN WINTERS ARE RELENTLESS - YOUR WINDOWS SHOULD BE TOUGHER.

What makes our European Windows different from typical Canadian-made systems?

**GERMAN ENGINEERING** - advanced multi-chamber profiles designed for exceptional insulation

**TRIPLE-SEAL PROTECTION** - blocks wind, drafts and blowing snow

**LOW THERMAL CONDUCTIVITY** - keeps heat inside and egerby bills down

**CONDENSATION-RESISTANT** - no more frosted, foggy or wet glass, even at -30°C
