VINYL WINDOWS & PATIO DOORS

INSPIRED BY REAL LIFE

LIFE IS A SOURCE OF INSPIRATION.

Your personality is the sum of your tastes and preferences—the colours, textures and shapes that you find inspiring.

You channel this same inspiration when making decisions about your home. From décor and design to architectural style, your personality and your home are inseparable.

Our philosophy is that choosing windows and patio doors is a personal matter, one inspired by beauty, art and the people in our lives.

Choose windows and patio doors that reflect the style of your home and mirror your personality. Let real life inspire your surroundings.

YOUR WINDOW STORY

Windows allow the essentials of nature—light, fresh air and the warming rays of the sun—into your home. As well, they provide comfort and protection from the extremities of the outdoors. The windows you choose for your home are a reflection of your personality; they tell the story of the people, places and experiences that have inspired you.

OPTIONS TO PERSONALIZE YOUR WINDOWS

How do you personalize a window? Perhaps your birthstone, or favourite painting, becomes inspiration for a colour palette; a family crest, or heirloom might inspire a window design or grille pattern. With JELD-WEN, the options are limitless. We want you to use the personal connections you have forged in life as inspiration for your window design. In this way, your window becomes more than just an opening into your home, but a meaningful artifact in itself.
